

The Citrus County Sheriff's Office
Is pleased to host,
In conjunction with Detecto Print

Super Glue Workshop for Fingerprint Development

This is a hands-on workshop on the use of cyanoacrylate adhesives. We will discuss what they are and why they develop fingerprints, and this info will aid you for court room testimony. Numerous topics will be discussed including safety and handling, ideal conditions for the best results, how to make your own chambers, and how to evaluate commercial chambers before purchasing. We will cover new research information plus effective crime scene fuming techniques. We will also demonstrate proper powdering and lifting techniques, plus dye staining techniques and recently published technique on duct tape dye staining. Attendees will receive a notebook outlining the workshop plus those who attend will be able to contact the instructor to answer any questions from the demonstrated techniques.

Location: Citrus County Sheriff's Office
Emergency Operations Center
3549 Saunders Way Lecanto, FL 34461

Date: Tuesday, April 19, 2016

Time: 0830 – 1630

Cost: \$139.00 per person
